

# LEISURE POOLS

SWIMMING IN QUALITY AND STYLE

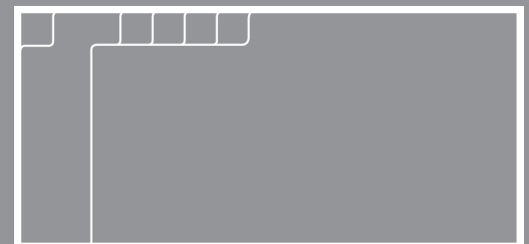

## THE ELITE

It follows in the footsteps of the popular Acclaim and Europa ranges, offering all the same stylish design elements and features, but with broader swimming areas for those with larger backyards or for larger families requiring more swimming space and alternative options for enjoying the pool.

Featuring a large splash deck that encompasses the whole width of the shallow end providing a great area for kids to play and families to relax, generous entry stairs for easy access, a flat bottom floor which is great for games and play and provides a large enough corridor for multiple swimmers to exercise or swim laps simultaneously.

The Elite forms part of the exclusive patented High Waterline design series with its dual weir and hidden skimmer boxes. This innovative approach to traditional pool design provides a full water look with a seamless transition to paving. With the visual aesthetic of the high waterline that hides the skimmer boxes, and the installation of drop edge paving it's nearly impossible to tell where the water line finishes and the paving starts.

The Elite is a pool that will not only add timeless visual appeal but will provide endless opportunities for how you enjoy your pool.

LENGTH	WIDTH	DEPTH	SPLASHDECK LENGTH
8.0m	3.80m	1.50m	1.00m
9.10m	3.80m	1.50m	1.00m
